

OZ Solar Energy Solutions

Powering Australian Businesses & Homes Since 2006

✓ Who We Are

- 100% Australian-owned and operating since 2006.
- NETCC Approved Seller & proud member of Clean Energy Council (CEC).
- Experts in commercial, residential, and institutional solar solutions.
- Thousands of installations organized across Victoria

📄 Why Choose OZ Solar?

- Maximum Rebates: We ensure you get the highest government incentives.
- Custom Solutions: Tailored proposals based on your energy usage.
- Premium Quality: Only CEC-approved panels & inverters.
- Expert Installations: SAA-accredited installers with 25+ years combined experience.
- Hassle-Free Process: Minimal disruption to the daily operations of your home or business.
- Long-Term Reliability: Comprehensive warranties up to 25 years.

📄 Solar for Businesses

- Slash energy bills by 50–70%.
- Protect against rising energy costs.
- \$0 upfront options – start saving from day one.
- Access federal rebates of about 30% of the cost of the system.
- Claim GST refunds & tax benefits.
- Boost your property value.

📄 Smart Finance Options

- Up to 100% project finance (hard & soft costs).
- Flexible terms from 2–10 years at competitive fixed rates.
- Cash-flow positive from day one – savings often exceed repayments.
- No personal/business security required.

🛡️ Quality & Safety – Our Promise

- Fully compliant with Australian & international standards.
- Tested for durability: hail, salt, humidity, and cyclone resistance.
- Certificate of Electrical Safety issued by independent inspector is provided.
- Zero health & safety incidents in our history.
- SOPs and KPIs in place are in place to emphasize the quality and efficiency in operations throughout the process
- Warranties up to 25 years for peace of mind.
